

AMWU SAVE OUR SKILLS CAMPAIGN

Commitment to Skills and Qualifications

Name: _____

Company: _____

Dear _____ ,

At a meeting of AMWU members on ____ / ____ / ____ we were made aware of new skills pathways being introduced by several industry committees in the rail sector.

We seek undertakings that _____ will not:

- Participate in any industry committees that undermine the skills of workers through creating new so-called “qualifications”;
- Recognise qualifications outside legitimate Manufacturing and Engineering Training Package standards; or
- Undermine trade qualifications by classifying workers incorrectly.

To this end we are committed to legitimise these undertakings within our next EBA collective agreement as and when we negotiate a replacement.

Signed,

Date
